The Palais Royal's New \$1, \$2 & \$5 Waists and Skirts Advertised in Sunday Star as Extraordinarily Good. The Response This Morning Was Extraordinarily Great and Flattering.

Flattering to Both The Star and the Palais Royal-Proving the Paper Circulates in Thousands of Homes and That the Palais Royal Announcements Are Diligently Read and Eagerly Profited By.

Cause of This Morning's Buying

The Announcement in Sunday's Star Is Repeated Below.

A page of news is included in the telling of these garments. Here goes-the Waists and Skirts offered at \$1.00 and \$2.00 are vastly superior to any previously here at the prices, and the Waists at \$5.00 may be compared with the \$10.00 garments of the specialty stores; quantities so vast that the department proper on third floor is overflowingly filled and 130 feet of tables have to be utilized on the first floor.

A Criticism of This Advertisement.

It's a "Palais Royal" criticism of the "Palais Royal" advertisement. You'll note that the "Palais Royal" has faith in "itself" and its patrons. "Vastly superior to any previously here" -this was the keynote to yesterday's advertisement, and it brought an overwhelming response because read by great numbers who believed in the Palais Royal; in what "it" had done and what "it" promised to do. Tomorrow's sale will be even greater-because today's visitors will spread the news of "the season's best bargains."

Dresses at \$1.98

Stores are not unlike individuals. Some like as much show as possible for as little as possible. Others dread vulgar display, especially of the cheap variety.

Little Price Dresses are an apt illustration—those here at \$1.98 are the dainty and refined as compared with the showy and vulgar.

Hats at \$2.98 Learn of Them.

Of course you know that a Trimmed Hat of merit cannot be produced to retail at \$2.98. Learn that none of the hats to be offered tomorrow at \$2.98 were made to retail at less than \$5.00, and some for more. You know, too, that the Palais Royal \$5.00 Hats are famous for superiority. Important-did you ever know of or hear of a showily vulgar hat coming from the Palais Royal?

The Painting of Grant and Lee.

That this greatest work of Virginia's greatest artist will become historic is now certain. On view here, on fourth floor.

Prize \$5 Robes

Advertised in Yesterday's Star.

One hundred of these Robes arrived Saturday and were told of in Sunday's Star. Doubtful if a quarter hundred remain for tomorrow's sale. While bowing to The Star, the "Palais Royal" reminds the luminary organ that these \$5.00 Robes were the irresistible attrac-
